

Please give the name of / the company that you interned for, as well as a brief description of your / du...	What value do you feel you added to the organization during your internship?	Did this internship meet / your expectations? Why or why not?
Name: Azul Mobile / Duties and Responsibilities: Statistical analysis of data	Share knowledge and expertise about statistical techniques	It was not according to my expectations- it was much more challenging than I had thought.
Would you recommend this / internship to another student? Why or / why not?	If you could change one / thing about your internship experience, what would it be and why?	Please provide any / additional information regarding your internship that you feel students should / kn...
I would recommend it to students who are expert programmers.	I wish that I had more experience with programming in a wide variety of languages, because it would have been extremely helpful.	Additional information: statistical analysis can be extremely programming intensive and involve other languages than the ones normally used in class.
