

## Jump Trading

### Summer 2016

Please give a brief description of your duties.	What value do you feel you added to the organization during your internship?	Did this internship meet your expectations? Why or why not?
Apply machine learning techniques to explore trading data	Some fresh ideas, as most of the data is encrypted, it's hard to quantify whether my proposed methods work or not.	Yes. It's both challenging and interesting.
Would you recommend this internship to another student? Why or why not?	If you could change one thing about your internship experience, what would it be and why?	Please provide any additional information regarding your internship that you feel students should know.
Yes. It will be a good experience for someone who are interested in how electrical trading works.	Better stress management.	N/A
