

Austin Sports Medicine Physical Therapy Clinic

Summer 2013

Please give a brief description of your duties.	What value do you feel you added to the organization during your internship?	Did this internship meet your expectations? Why or why not?
<p>I shadowed Heidi, lead physical therapist there and assisted with filing and organizing/cleaning equipment. I also was taught different therapy techniques and really got a shot a learning to important anatomy information.</p>	<p>I was able to make therapy visits more efficient by being able to print out workouts for patients while the therapist went along with their normal procedures.</p>	<p>This internship exceeded my expectations. I learned very valuable anatomy and kinesiology terms and techniques.</p>
Would you recommend this internship to another student? Why or why not?	If you could change one thing about your internship experience, what would it be and why?	Please provide any additional information regarding your internship that you feel students should know.
<p>I would recommend this internship to anyone that is even remotely considering becoming a physical therapist.</p>	<p>I wouldn't change anything about the internship. It was a great experience.</p>	<p>PHYSICAL THERAPY ROCKS</p>
