

# Marie Claire

## Summer 2013

| Please give a brief description of your duties.  | What value do you feel you added to the organization during your internship?   | Did this internship meet your expectations? Why or why not?  |
|--|--|--|
| <p>Responsibilities include working directly with an editor and assistant, checking in and returning samples, creating story boards, organizing the fashion closet, setting up for run-throughs, packing/unpacking photo shoots, handling ongoing requests as needed, helping to manage schedules, completing expenses, assisting on photo shoots and other administrative work the team many need.</p>                  | <p>A new set of eyes and opinions never hurt. Marie Claire is always looking for young, stylish, and intelligent people who are committed and enthusiastic and I feel I brought exactly that.</p>  | <p>Yes absolutely, it was everything I could have asked for and more. I loved the entire job, but you have to be willing to put in long hours and have a positive attitude. But, I learned so much there and am so thankful for the opportunity I was given.</p> |
| Would you recommend this internship to another student? Why or why not?  | If you could change one thing about your internship experience, what would it be and why?  | Please provide any additional information regarding your internship that you feel students should know.  |
| <p>If you are dedicated to fashion and want to be in the business, yes, I would recommend it. You learn so much by being at a magazine and it is so cool to see how everything really works and comes together in the end. I would only recommend it if they can handle long hours and are good with other people and directions. I do not recommend working in the fashion closet though unless you really want to.</p> | <p>I don't think I would change anything except maybe the hours for interns. I do wish I got out at a normal time, around 6 every night, but usually it was around 7-8. I am so thankful I was able to assist and see photo shoots happen right in front of my face. It was so surreal and made the entire thing worthwhile in my opinion. I got to work with some of the biggest models in the fashion business, and for that, I cannot complain.</p> | <p>Everyone is extremely nice, don't be afraid!</p>  |
