Please check course descriptions of lower-division science courses not required for majors in the same field of study to see if they can or cannot count toward this degree.

Students may earn only one BS in Nutrition degree, though they may earn multiple majors. Students completing an additional degree must complete 24 hours in addition to those counted toward the bachelor's degree that requires the higher number of credit hours.

Admission to Coordinated Program in Dietetics

Students in dietetics may select either the Didactic Program in Dietetics (DPD) or the Coordinated Program in Dietetics (CPD).

Students interested in the Coordinated Program in Dietetics (CPD) must apply for admission after completing 60 hours of prerequisite coursework. Information about admission is given on the pages 517-518 of the 2010-12 Undergraduate Catalog, College of Natural Sciences chapter. Upon completing the CPD, which includes approximately 1,000 hours of supervised practice, graduates immediately qualify for active membership in the American Dietetic Association and to write the examination to become a registered dietician.
