Fall 2018

Please give a brief description of your duties.	What value do you feel you added to the organization during your internship?	Did this internship meet your expectations? Why or why not?
My responsibilities were improving the ads infrastructure and backend.	Made it easier for other developers to find mistakes in their code. Made the systems more fail proof.	Yes. I learned a lot and had a lot of fun.
Would you recommend this internship to another student? Why or why not?	If you could change one thing about your internship experience, what would it be and why?	Please provide any additional information regarding your internship that you feel students should know.
Yes. Great planning on company’s part. Good pay and great opportunity get real world experience.	My manager was not the best. I wish I took more initiative during the internship.	N/A
