

Robinson Value Management

Summer 2017

| Please give a brief description of your duties. | What value do you feel you added to the organization during your internship? | Did this internship meet your expectations? Why or why not? |
|--|--|--|
| <p>As an intern at Robinson Value Management, I mainly researched and programmed new strategies to be used by the firm.</p> | <p>I mainly provided my opinions about how to go about programming certain strategies.</p> | <p>Yes. RVM provided a great learning environment to learn about the industry. As a math major, I had less knowledge than a business major, but my mentor at the firm was very helpful throughout the whole journey.</p> |
| Would you recommend this internship to another student? Why or why not? | If you could change one thing about your internship experience, what would it be and why? | Please provide any additional information regarding your internship that you feel students should know. |
| <p>Absolutely. As I mentioned earlier, my mentor was very knowledgeable and patient with me throughout the whole summer. Although I came in with less knowledge in the field than a traditional finance intern, my supervisor put just as much effort as I did into learning as much as I could.</p> | <p>I wouldn't change a thing. The experience that I gained, the staff I worked with, and the environment I worked in were all great. My supervisor even brought his dog into work 2-3 times a week to make the firm feel more like home.</p> | <p>None</p> |
